Stuart,
Thank you for following up.

After my consultation with you and the director, I have decided to form a committee of three UW faculty members to look into this matter pursuant to Section 25-71.D. I am working to identify the faculty who will comprise the committee and then prepare the charge.

Thank you,
Nancy

It has been three weeks since we met and I was hoping to get an update.
My understanding is that you were going to decide whether the accusations were serious enough to warrant some kind of action and, if so, you were going to initiate a formal investigation either by UCIRO or a committee of three faculty members.

Can you let me know where things stand?
